Lockmaster AutoEngage

Maximum security,
complete versatility.

Lockmaster AutoEngage

Yale Lockmaster AutoEngage is a multipoint locking system from Yale.

Designed, developed and tested to Yale's exacting standards, delivering high performance security. The automatic lock mechanism instantly engages security latches from independent trigger points as the door closes - removing the need to lift the handle. The versatile gearbox design allows for decorative key retract and lever operated door furniture. Improving ease of use for residents with limited dexterity, Yale Lockmaster AutoEngage offers a versatile solution for people and properties.

The Yale Lockmaster AutoEngage Lock is designed for both Classic and Heritage styles.

THE YALE BRAND

Yale is trusted by millions of people every day to keep what's important to them safe. Our innovations have protected their homes, families and belongings for over 180 years. We have expanded from being a leader in mechanical lock engineering to innovating connected smart locks and homes. Because we always make every effort to push the boundaries in a changing world. We were there for your grandparents (and probably theirs) and we'll be there for your children. Today, and every day to come.
